## SUMMARY

---

Accessibility Consultant with 2.5+ years of hands-on experience in auditing, consulting, and implementing accessible digital solutions. Skilled in ensuring WCAG 2.1/2.2 and Section 508 compliance across web and mobile applications. Adept at identifying and remediating accessibility barriers during both design and development stages. Proficient in using assistive technologies and accessibility tools to deliver inclusive, user-centered digital experiences. Passionate about driving accessibility advocacy and embedding accessibility practices into organizational workflows.

## PROFESSIONAL EXPERIENCE

---

### Zeus Learning

Mumbai, Maharashtra

Accessibility Consultant / QA Engineer

Jun 2023 – Present

- Conduct comprehensive accessibility audits for large-scale educational platforms, achieving over 95% WCAG 2.2 AA compliance across releases.
- Partner with designers to integrate accessibility early in the design lifecycle, validating contrast ratios, focus management, and ARIA structures, reducing post-release accessibility defects by 35%.
- Collaborate with developers to implement semantic HTML and ARIA patterns, ensuring robust compatibility with NVDA, JAWS, and VoiceOver.
- Lead accessibility validation in Agile sprints, consistently delivering releases with zero major production defects.
- Perform accessibility testing for mobile applications using TalkBack and VoiceOver, ensuring consistent cross-platform experiences.
- Trained and mentored QA teams on accessibility testing, screen reader usage, and issue documentation to standardize testing practices.

## VOLUNTEERING EXPERIENCE

---

### Accessible Community

Remote

Digital Evaluator

Sep 2025 – Present

- Collaborate with a global community to review and contribute to accessibility best practices and guidelines for various web projects.

## EDUCATION

---

### St. Francis Institute of Technology

Mumbai, Maharashtra

B.Tech in Computer Engineering | CGPA: 7.92

Jul 2019 – May 2023
